WORK SMARTER WITH CI HUB

CI HUB is the leading platform to connect brand assets living within various asset repositories to native creative apps, empowering you to work smarter and deliver faster.
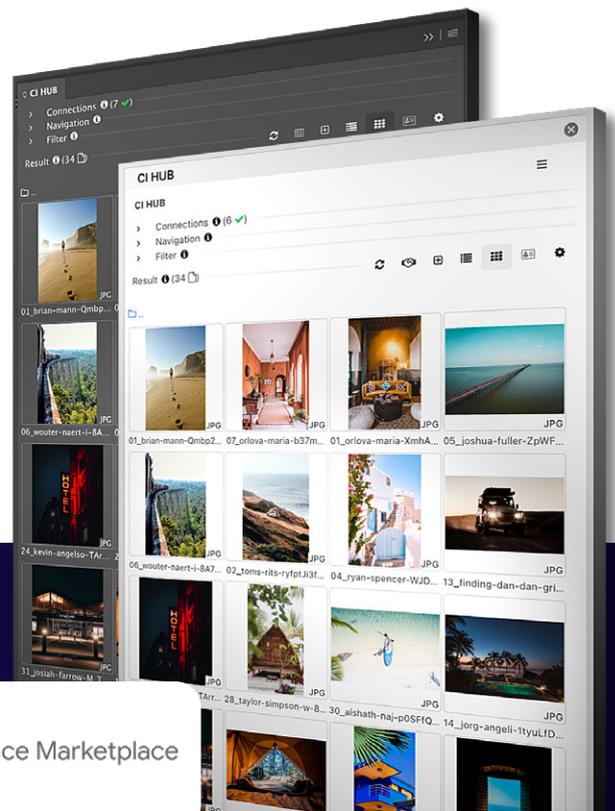

Their portfolio of data domain partners covers both on-premise and cloud-hosted solutions with data models for DAM, MAM, PIM, MDM, or CMS. In addition to marketing data solutions, CI HUB also connects to stock providers and cloud storage services, such as Google Drive, Dropbox, Box, OneDrive, Getty, Shutterstock, and many more.
